

Alien Skiffle

Janet Channon & Leah Channon

When the sky was dark and the moon was bright,
A space ship descended in the middle of the night.
It landed in the forest, the aliens came out,
They shook and they shivered and they danced all
about.

They did the alien skiffle down low,
They did the alien skiffle up high,
They waggled their antennae,
And waved up to the sky.
They did the alien skiffle to the left,
They did the alien skiffle to the right,
They waggled their antennae,
And waved all through the night.

When the sky was dark and the moon was bright,
Another ship descended in the middle of the night.
It landed in the forest, the aliens came out,
They shook and they shivered and they danced all
about.

They did the alien skiffle down low....

(Instrumental) *repeat previous actions*

They did the alien skiffle at the front,
They did the alien skiffle at the back,
They flashed their alien eyes,
And clapped the alien clap.
They did the alien skiffle at the front,
They did the alien skiffle at the back,
They flashed their alien eyes,
And clapped the alien clap.

(Instrumental) *repeat previous actions*

They did the alien skiffle down low,
They did the alien skiffle up high,
They waggled their antennae,
And waved up to the sky.
They did the alien skiffle to the left,
They did the alien skiffle to the right,
Then back inside their spaceships,
They vanished out of sight.
