From Feeling The Beat

An engine rumbled down the track,
An engine rumbled down the track,
An engine rumbled down the track,
He coupled to a wagon and
He brought it back.
How many vehicles sitting upon the track?
Two!

An engine rumbled down the track...
Three!

An engine rumbled down the track...
Four!

An engine rumbled down the track...
Five!

An engine rumbled down the track...
Six
