

# **Shine Shine Christmas Star**

*From Kids Just Love...Christmas*

The star shone brightly on that night  
So many years ago,  
The wise men used it as a guide  
It showed them where to go.

Shine, shine Christmas star,  
Shine your light on me,  
Shine, shine Christmas star,  
Shine for all to see.

They knew that such a special child  
Had just been born that night,  
His name was baby Jesus  
So they followed the light.

Shine, shine Christmas star...

They found the stable in the east  
In a town called Bethlehem,  
Shepherds and the three wise men  
Came to visit them.

Shine, shine Christmas star...

And that is why we celebrate  
Just before New Year,  
A time we know as Christmas day  
It brings to us good cheer.

Shine, shine, Christmas star...  
Shine, shine, Christmas star...  
Shine for all to see.
