

# How Many Fingers?

Janet Channon

One, two, three, four, five,  
Six, seven, eight, nine, ten,  
How many fingers?  
Let's count again,  
One, two, three, four, five,  
Six, seven, eight, nine, ten,  
How many fingers?  
All these make ten.

I have ten fingers.  
Do you suppose,  
If I have ten fingers  
I have ten toes?  
I have ten fingers.  
Do you suppose,  
If I have ten fingers  
I have ten toes?

*(Spoken text)*

One, two, three, four, five,  
Six, seven, eight, nine, ten,  
How many toes?  
Let's count again,  
One, two, three, four, five,  
Six, seven, eight, nine, ten,  
How many toes?  
All these make ten.

Ten and ten,  
I sure have plenty,  
Ten and ten,  
All these make twenty.  
Ten and ten,  
I sure have plenty,  
Ten and ten,  
All these make twenty.

*(Spoken text, then repeat song)*
