

# The Wheelbarrow Song

Wendy Jensen

In my garden, I have a digging spade,  
In my garden, I'm going to dig all day,  
In my garden, pulling out the weeds,  
And drop them in my wheelbarrow, off we go.

My wheelbarrow's strong,  
I push it right along  
A single wheel, it keeps on rolling.

My wheelbarrow's tough,  
And when it's had enough,  
I park it safely back in the shed.

In my garden, I have some apple trees,  
In my garden, I'm pruning off dead leaves,  
In my garden, picking up the mess,  
And drop it in my wheelbarrow, off we go.

My wheelbarrow's strong,  
I push it right along  
A single wheel, it keeps on rolling.

My wheelbarrow's tough,  
And when it's had enough,  
I park it safely back in the shed,  
Park it safely back in the shed.
