

Puppet Friend

From Jump Jive and Improvise

My puppet can walk,
And my puppet can talk,
He can jump around and jump so high,
Look down low and look up to the sky,
Wave to the people as they walk on by,
And he'll always be my friend.

Dance with me, puppet friend,
And I will dance with you,
Dance with me puppet friend,
Show them what you can do.

My puppet can walk,
And my puppet can talk,
When he gets tired he lies in a heap,
I cover his eyes so he can not peep,
Sometimes he snores when he goes to sleep,
And he'll always be my friend.

Dance with me, puppet friend,
And I will dance with you,
Dance with me puppet friend,
Show them what you can do.

My puppet can walk,
And my puppet can talk,
He starts to shake but I don't know why,
If he's upset then he'll start to cry,
I give him a hug 'cause he's a real great guy,
And he'll always be my friend.

Dance with me, puppet friend....
