

At The Bottom Of My Garden

From Swing Thing

At the bottom of my garden is a special place for me,
At the bottom of my garden there are lots of things to see,
At the bottom of my garden is a special place for me,
Right beside the vege patch and underneath the tree.

Listen to the music,
Tell me what you see.
Can you hear them coming,
I wonder who they'll be.

Sometimes I see pixies dancing round and round the flowers,
Surely they get tired because they dance and dance for hours.
Can you see the pixies dancing very daintily?
Right beside the vege patch and underneath the tree.

At the bottom of my garden is a special place for me,
At the bottom of my garden there are lots of things to see,
At the bottom of my garden is a special place for me,
Right beside the vege patch and underneath the tree.

Listen to the music,
Tell me what you see.
Can you hear them coming,
I wonder who they'll be.

Sometimes I see monsters stamping round and round the grass,
Waving arms and stamping feet and grunting as they pass,
Can you see the monsters stamping very heavily?
Right beside the vege patch and underneath the tree.
