

Swing This Way

By Wendy Jensen

Come on and swing, swing this way,
Come on and swing, when I say,
Come on and swing, swing this way,
Come on and swing, all through the day,
Come on and swing this way,
Swing this way,
Reaching right down to the ground.

You can stamp when I do,
Whatever I do you do too,
I can stamp, stamp, stamp with you,
Whatever I do you do too,
You can do what I do what I do what I do,
Reaching right down to the ground.

Come on and swing, swing this way...

You can jump when I do,
Whatever I do you do too,
I can jump, jump, jump with you,
Whatever I do you do too,
You can do what I do what I do what I do,
Reaching right down to the ground.
