

Spider Spins

From Teddy Jumps

A spider spins a silken thread,
He winds it round and round,
A spider spins a silken thread,
That doesn't make a sound.

A spider spins a silken thread
Every single day,
A spider spins a silken thread
And then he swings away.

From his thread spider swings around,
From his thread he lowers to the ground.
From his thread spider spins around,
From his thread he lowers to the ground.
