

# Kiwi Bird

*From Wriggle and Jiggle*

The kiwi bird is shy,  
His wings are small,  
He doesn't fly,  
The kiwi bird is shy,  
And he gobbles up worms in the night time.

The kiwi has big feet,  
And a very long and pointy beak,  
The kiwi has big feet,  
And he gobbles up worms in the night time.

He sleeps in the day when the sun is out,  
And other birds are flying about,  
He sleeps in the day when the sun is out,  
And gobbles up worms in the night time.
