

One Hopping Finger

From Wiggle and Jiggle

One hopping finger
Went out one day,
He found another finger
And they began to play,
They danced around in circles
And hugged with all their might,
They waved to each other
And vanished out of sight.

One hopping thumb
Went out one day,
He found another thumb
And they began to play,
They danced around in circles
And hugged with all their might,
They waved to each other
And vanished out of sight.

All the thumbs and fingers
Went out one day,
They found some thumbs and fingers
And they began to play,
They danced around in circles
And hugged with all their might,
They waved to each other
And vanished out of sight.
