

Animals In My Garden

From Wiggle and Jiggle

There's a bird in my garden with strong wings,
There's a bird in my garden with a pointy beak,
There's a bird in my garden with strong wings,
Flying around the flowers.

There's a cat in my garden with whiskers,
There's a cat in my garden with pointy ears,
There's a cat in my garden with whiskers,
Creeping around the flowers.

There's a worm in my garden with no eyes,
There's a worm in my garden with no arms or legs,
There's a worm in my garden with no eyes,
Squiggling around the flowers.

I'm a worm, I'm a cat, I'm a bird.
