

Put On Your Hat

From You've Got To Clap

You've got to put on your hat,
h, a, t.
You've got to put on your hat,
Just like me,
You've got to put on your hat,
h, a, t.
So your face won't fry so easily.

Remember, squeeze the sun cream and rub it in,
You won't burn with cream on your skin,
Squeeze the sun cream and rub it in,
You won't burn with cream on your skin.

You've got to put on your hat,
h, a, t.
You've got to put on your hat,
Just like me,
You've got to put on your hat,
h, a, t.
So your face won't fry so easily.

Remember, wear your sandals when you're walking around,
Bees might be buzzing on the ground,
Wear your sandals when you're walking around,
Bees might be buzzing on the ground.

You've got to put on your hat...
