

# **Skip In To The Middle**

*From You've Got To Clap*

Can you skip in to the middle  
And then skip back out again,  
And clap your hands with me?

Can you skip in to the middle  
And then skip back out again  
And clap your hands with me?

Can you find a partner and hold their hands?  
Go round in a circle and back again.

Clap your hands, pat your knees,  
Stamp your feet and wriggle your hips.

Clap your hands, pat your knees,  
Stamp your feet and wriggle your hips,

And you make a big circle again.
